Global Policy Network

Where Policy Meets Implementation

Global Policy Network

WHAT IS GPN

GPN is an independent global policy institute dedicated to creating positive societal impact through evidence-based advocacy, strategic partnerships, and innovative solutions.

WHY THE FELLOWSHIP EXISTS

The GPN Fellowship equips health and public policy professionals with the practical experience, expert mentorship and global connections to navigate complex policy challenges and turn evidence into meaningful action.

OUR VISION

A world in which policy is shaped by rigorous evidence, diverse perspectives, and collaboration

OUR MISSION

To ensure that innovative policy solutions can be scaled and sustained. Aligned with SDG 3 and SDG 17, we work to create global impact through research, reform, and strategic collaboration.
